

What's Inside Pandora's Talk Box?

Episode 10

Boogita saves Pandora and C.A.S.S. from surfing too close to an event horizon. They ingest the last of their channel coordinates. In the season finale, Triscults chase Mr. Transylvania, a family gets possessed by vampires, and Pandora finds the third eye of Medusa, a key ingredient in Talk Box access. We check in one more time with the gang at the video store, as Pandora transfers the channel surf into the liveo video adapter.
